

May 23, 2006

**SUBJECT: ANNUAL REVIEW OF FEES AND CHARGES FOR FISCAL YEAR
2006/2007****REPORT IN BRIEF**

The current fees and charges of the City have been reviewed in accordance with the Fiscal Sub-element of the General Plan. After an extensive and detailed staff review of fees, adjustments have been made to the proposed fee schedule as necessary to ensure that all fees and charges are aligned with the cost to provide each service, except for those fees that are legally limited or market based. For those fees that are adjusted by inflation, a standard percentage of 2% has been applied. However, given the detailed nature of the review, the majority of fees have been changed based on cost of service. The proposed fee schedule (Exhibit A of Attachment A) details all the recommended fees.

BACKGROUND

Annually, staff submits the proposed fees and charges for the upcoming fiscal year to the City Council along with the recommended budget. A public hearing is held on fees and other budget-related items, followed by formal action adopting updated and new fees. Most new rates become effective at the start of the new fiscal year on July 1, 2006 including utility fees already adopted by Council on April 25, 2006. There are two exceptions: Development fees become effective 60 days after adoption in accordance with State law, and golf fees, because they are adjusted with the golf season, go into effect on April 1, 2007.

EXISTING POLICY

The Fiscal Sub-Element of the General Plan states that user charges and fees should be established at levels closely related to the cost of providing those services (7.1A.1i) and user fees should be adjusted annually so as to avoid major changes in them (7.1A.1j). The annual review and adjustments of fees and charges is in accordance with these action statements.

DISCUSSION

Staff has made adjustments to the proposed fee schedule as necessary to ensure that all fees and charges are aligned with the cost of service, except for those fees that are legally limited or market based. The recommended FY 2006/2007 Budget and Long Term Financial Plan includes a budgetary

inflation factor of 2% for FY 2006/2007. For fees that have not been adjusted by a specific factor, a 2% increase has been applied to ensure they meet the cost of providing those services. Fees related to utilities services (water, refuse, and sewer) have been adjusted by the corresponding increase in those utilities' rates. For ease of administration, most fees have been rounded to the nearest logical unit.

The Fiscal Policy of the City guides staff to set fees for services to recover cost where possible and legally allowed. During FY 2005/2006, all fees that were legally limited were analyzed in detail to ensure the City is setting fees in accordance with the legal requirements.

Additionally, City staff made great progress on a Comprehensive Fee Review Initiative focused on ensuring that all fees not legally limited or market based, provide full cost recovery for the services that are delivered. A detailed subsidy analysis was conducted of development fees (which reside largely in the Public Works and Community Development Departments), Public Safety Fees, and utility related fees with fees increased to meet projected costs where warranted.

The results of these efforts have been incorporated into the recommended Fee Schedule for FY 2006/2007. Staff found that there were areas where full costs were not being recovered, only direct costs. Where complete data was available to justify the full costing of a fee, adjustments were made. However, it is important to note that although analysis indicated some fees needed to be increased beyond the standard inflationary rate, for the most part, fee increases remained below 4% year-over-year. This indicates that the existing fees that were analyzed were relatively well-aligned with full cost of service.

During FY 2006/2007, staff will continue the initiative, closely examining activities, their associated direct and indirect costs, and their related revenues. As part of this process, staff will also be reviewing the fees charged for public records act requests, specifically, if a graduated fee can be applied. This direction was provided by Council during their Saturday February 4, 2006 budget restructure review meeting. Results will be reported in the FY 2007/2008 Annual Review of Fees Report to Council.

New Fees

The following are new fees that have been proposed by staff for FY 2006/2007. These fees have generally been proposed to address either a new demand for service, to recover the cost resulting from a significant increase in demand for a service that the City already provides, or to collect revenue for a service that has been provided at no cost, the cost of which can legally be recovered from the user of the service. Each fee has been carefully evaluated to ensure it covers the cost of providing each service.

Community Development

Heritage Resource Alteration Permit Fee

This new permit was added in FY 2005/2006. The permitting process requires a hearing with the Heritage Preservation Commission. The level of staff support required is similar to a Landmark Alteration permit. The proposed fee is \$165 and is based on the cost of providing this service.

Request for Address Change

Periodically, the City will receive a request to change the physical address of a property. The proposed fee of \$145 covers the cost to research the request and, if approved, process the address change in the City's database. Also included is the cost to notify other agencies of the change (e.g. the United States Postal Service, Pacific Gas and Electric, and other utility providers).

Request for Copies of Professionally Designed Plans

Professionally Designed Plans are designed and stamped by a licensed professional. In order to provide copies of such plans and documents, the City is required to obtain approval from the licensed professional and the current property owner. This fee will be charged to a customer who requests copies of these plans and documents. The fee covers the staff cost to research the name and address of the licensed professional and the property owner, and send a letter requesting approval to duplicate the plans. The proposed fee is \$75.00.

Zoning Letters

The City regularly receives requests for letters to verify the zoning and permit restrictions on a property. These requests are typically received from title companies and have increased significantly in volume over time. Staff projects to issue approximately 120 letters in FY 2006/2007. Each letter averages about one hour of staff time to prepare. The proposed fee is \$72.00 and is intended to cover the costs of staff time, materials, and postage for issuing the letter.

Residential Construction Standards Book

The Residential Construction Standards Book provides information and specifications on planning and building permit requirements for single family homes. The proposed fee makes the book available for purchase at the One-Stop Permit Center for \$6, which covers the cost of printing. The book is also available on line for no charge.

Quality in Construction Manual

The Quality in Construction Manual provides information and construction details for single family, wood frame buildings. The proposed fee makes the manual available for purchase at the One-Stop Permit Center for \$8, which covers the cost of printing. The manual is also available on line for no charge.

Public Safety

Civil Subpoena Fee

The Department of Public Safety occasionally receives subpoenas for officer appearance in civil court cases. Currently, the \$150 deposit allowable by Government Code 68097.2 is being collected as the total fee for each officer's appearance. During review of the pertinent Government Code it was determined that the City has the authority to recoup the full cost of the officer's court appearance, including salary, benefits and any travel expenses incurred. The updated fee schedule reflects the \$150 deposit per officer per day and the City's intention to recoup from the requesting party the total expenses incurred. Following the officer's appearance, all costs, including salary, benefits, and travel expenses, will be calculated, less the deposit, and the remainder will be submitted to the requesting party for payment. This change will allow for the recovery of costs associated with this small but time consuming activity.

Vehicle Mechanical or Registration Violation Citation Correction Verification (Fix it Ticket sign off)

Customers routinely come to the Department of Public safety to have the desk officer sign off on a "Fix it Ticket." These citations, which may be issued by any agency, including the Highway Patrol, are issued for minor mechanical or registration violations, such as a broken light or missing registration sticker, and are intended to ensure that the customer fixes the issue with their vehicle. In order to avoid further penalties, recipients of these citations must have a police officer verify that the violation has been corrected.

Sunnyvale is one of the few remaining local agencies that provides this service for no charge. Staff is proposing two fees, one for Sunnyvale residents and one for non-residents. The fees recover the costs associated with providing this service. It is proposed that residents be charged a reduced rate of \$12.50, while non-residents would be responsible for the entire cost and pay \$25.

Additionally, the occasional customer will ask a police officer in the field to sign off on a Fix it Ticket, a service currently provided. This proposal includes having officers in the field direct customers to the Department of Public Safety to have their ticket signed off by a Desk Officer.

Fire Arms Seizure Fee

State Law allows cities to charge a fee to recover the administrative, impounding, storage and release costs associated with the seizure of firearms. The proposed fee is \$95.

Applicant Fingerprint Fee

The Department of Public Safety provides fingerprinting services including criminal history information to be used for employment, licensing, or certification purposes. Recently, staff found that State Law allows that the local agency may charge a fee sufficient to reimburse the agency for the cost of providing this service. The proposed fee for FY 2006/2007 is \$23, more than double the current fee. This increased fee will recover the costs of providing the service. This fee will not be charge to volunteers working directly for the City.

Pyrotechnic/Special Effects Permit and Inspection Cancellation Fee

These two minor fees are proposed to address two separate issues. The Pyrotechnic/Special Effects Permit of \$254 is the permitting of such activities such as holding a fire works show. The Inspection Cancellation Fee of \$180 is for cancellation of inspection without notice. Both fees are designed to recover costs for the service provided.

FinanceBusiness License Tax Report Fee

In the past a new business report was produced by the Business License Tax staff as a courtesy for the Chamber of Commerce and other requesting entities. Because the report was not being produced for City purposes, and with the reduction of hours in this program as part of the budget reduction package in FY 2003/2004, staff ceased production of the report. The proposal is for two distinct fees, one for an electronic report and one for a hardcopy report, which will allow the City to recover the direct costs of complying with this Public Records request. The proposed fee for both the electronic version and the hardcopy version is set not to exceed the cost of providing the report. A listing of new businesses from the past month, which is the most common request, will cost approximately \$15 – \$20. However, costs will vary based on the nature and complexity of specific requests and the corresponding resources needed to produce the requested report.

Public WorksEasement Review Fee

Currently, when the department of Public Works records easements on a new parcel map as part of a planned development, a fee is charged and costs recovered. However, many new developments don't require a new parcel map, but still require review of easement related issues. This new fee of \$200 is proposed to recover the time and effort spent working on issues that are not part of the process of recording a new map.

Public Facilities Installation and Inspection Fee

This new variable fee is proposed to cover researching and providing information to developers regarding the public facilities related to a particular development. New tiers were added to this fee for infill projects, as infill projects generally take more time and effort, requiring a more detailed review due to the presence of existing city infrastructure. This review is further complicated by the growing trend of private street construction vs. public street construction.

Plan Check Fees

The Engineering Division is proposing new fees similar to those in community development for additional plan check work. The original fee covers two plan checks. After the second plan check, the proposed fee is 20% of the original fee per additional review.

Non-Standard Fee and Charge Adjustments

Below are fees that were adjusted by an amount different than the standard inflation factors. Any fees that are proposed to be increased above standard inflation factors will be addressed in this section. Several fees that staff recommends keeping at the current rate (as opposed to inflating) are also discussed in this section.

Community Development

Development Related Fees

As was mentioned earlier in the report, a great deal of work was done evaluating development related fees and how well the fees have fully recovered the associated costs. Specifically, the focus of the subsidy analysis was to ensure that all costs were considered when attempting to set a fee intended to recover costs. In the past, fees intended to recover costs were often set based solely on the direct cost to carry out the activity or activities necessary. This methodology did not consider the indirect or overhead costs that are shared across activities that need to be considered when attempting to identify the total cost of providing a service. As noted above, a detailed analysis was conducted in several areas to not only update direct costs for providing services, but also to consider administrative and overhead costs as well. The result of this analysis indicated that development related fees needed to be increased beyond the standard inflationary rate. This detailed analysis, resulted in approximately a 3.7% increase across the board on development related fees. This will recover both the direct and indirect (overhead) costs associated with these services.

Park Dedication Fee

The Park Dedication fee is based on the average fair market value per square foot. Staff has analyzed the current fair market value for vacant residential

property and is proposing to adjust the fee level to \$81 per square foot (approximately \$3.5 million per acre) to reflect current market conditions.

Administrative Citations

Citations are issued for violations to the Sunnyvale Municipal Code and are considered fines rather than fees. As adopted by Council, these fines are structured to progressively increase for repeat violations. Staff recommends maintaining the current fines for FY 2006/2007. Adjustments will be proposed in future years as necessary to maintain their effectiveness as a compliance tool.

Housing Mitigation Fee

Sunnyvale's Housing Mitigation Fee is limited to new industrial development. A fee is charged only if the development exceeds the 35% floor area ratio (FAR), or the ratio applicable to the specific zoning district. The fee charged, \$8.00 per square foot, was adopted by the City Council in FY 2003/2004, with a review to occur every three years. The review is set for fall 2006. Staff will modify the fee schedule as necessary following the review.

Extend Single Story Combining District Fee

The Single Story Combining Zoning District was created to preserve and maintain single-family neighborhoods consisting of predominately single-story homes. There are currently two neighborhoods (Wright/Edmonton Avenues and Bobolink Circle) with the Single Story Combining District designation, and they are set to expire in a few years. In August of 2005, the City Council reviewed a Study Issue in order to consider options available to extend the Single Story Combining District for the Wright and Edmonton Avenues neighborhood (Attachment A). Council voted to waive the application fee for extension of a Single Story Combining District. The proposed FY 2006/2007 Fee Schedule includes the fee category, with the proposed fee set to zero.

Parks and Recreation

General Activity and Recreation Fees

The Director of Parks and Recreation sets Activity and Facility Use Fee Schedules (other than golf fees, which require Council approval) based on market conditions and City Council adopted policies. The Schedules will be published at least annually by the Department of Parks and Recreation, and will be made available to the public.

Golf Fees

To avoid having fee changes in the middle of the golfing season, golf fees go into effect on April 1 of each year. Since most other fees change with the start of the new fiscal year, the practical effect is that proposed golf fees for future years are presented for Council's consideration ten months in advance. The

Golf fees for April 1, 2006 through March 30, 2007 were approved by the Council in June 2005. In this proposed fee schedule, Council will be setting the golf fees for April 1, 2007 through March 30, 2008.

Staff has completed the usual spring Market Survey of Golf Fees (please see Attachment B) that provides an overview of basic weekday and weekend fees and a comparison with Sunnyvale fees for each course. It is important to target the golf fees to match with our planned market position for each course. Market Range designations are a clear way of determining where golf courses fit within the market in terms of location, yardage, course condition, practice facilities, etc. For example, Market Range III represents country club or destination style golf courses. Sunnyvale Golf Courses fall into Market Range II and the City's fees compare well with Market Average for Market Range II. The proposed fees for April 1, 2007 through March 30, 2008 have been adjusted taking the market position into account.

Public Safety

Fire Prevention/Hazardous Materials Inspection Fees

An analysis of the actual costs to provide re-inspections, overtime inspections and consultations by the Fire Prevention Bureau indicate that the current fees will not cover costs budgeted for FY 2006/2007. Therefore, fees for Hazardous Materials were increased by 3.8% and Fire Prevention fees were increased by 20% to better reflect the actual cost of providing service.

False Alarm Fees

Two new steps have been proposed for false alarm fees. The current fee structure penalizes false alarm violators for three or more false alarms in one year (first and second violations are not penalized). In an effort to discourage false alarms and reduce associated costs, escalated fees are proposed for FY 2006/2007. Fees are proposed in three tiers; 3rd, 4th and 5th violation (\$150 per occurrence), 6th-10th violation (\$225 per occurrence), and each violation over 10 (\$500 per occurrence). Staff anticipates that as a higher fee is applied for response to false alarms, the total number of responses will reduce.

Of additional note is the planned implementation of an Alarm Users Permit Fee. This proposed fee would go into effect on July 1, 2007 and be \$35 for residents and \$70 for businesses. The implementation of this fee requires significant public contact, including a public hearing. DPS staff anticipates that groundwork for the implementation of this fee can be completed this year, and plans to bring this fee back to Council prior to the presentation of the FY 2007/2008 proposed fees. The fee is reflected in the proposed FY 2006/2007 fee schedule to increase visibility in preparation for full implementation.

Civil Penalties for Parking Violations

A new section has been added to the Public Safety section of the fee schedule called Civil Penalties for Parking Violations. Civil Penalties are charged under the authority of both the Sunnyvale Municipal Code and the California Vehicle Code. There are approximately fifty fees of varying amounts identified in this section. It is important to note that these are not new fees, but have been included for the first time in the fee schedule in an effort to increase their visibility. These fees can be found on page 44 of Exhibit A of Attachment A.

Animal Control Fees

Staff surveyed Animal Control fees in neighboring communities. Staff is proposing that the City set fees at a level similar to Palo Alto. This raises Sunnyvale's current fees by an average of 18% with a just over half the fees staying level and others increasing in the 30-40% range. Staff anticipates that Sunnyvale will begin using Palo Alto's shelter services beginning in FY 2007/2008. These fees can be found on page 43 of Exhibit A of Attachment A.

Public Works

Water and Sewer Connection Fees

Connection fees (often called Capacity Fees) are designed to recover costs from developers for the impact of new or increased development on the water and wastewater systems. Connection fees are regulated under state law, must be based on capital and related costs, and the revenue from these fees should go directly to fund system expansion. The preliminary findings of the water and wastewater cost of service study recommend that we should include the costs for project administration and other overhead into these fees. It is therefore proposed that the connection fees for water and sewer increase by 15.2% for water and 14.6% for sewer. Further analysis is to be done in this area and will be presented with the detailed results of the study.

Sewer Frontage Fee

In FY 2001/2002 the city completed a cost of service study on the wastewater system. At that time, the consultant recommended that this fee be eliminated. Since then, the city has seen increased infill development which is having a direct impact on the sewer collection system. Frontage Fees are intended to address the direct impact of specific developments on the system. It is therefore recommended that the Sewer Frontage Fee be reinstated at \$100 per lineal foot for Industrial to Residential (ITR), Moffet Park, and Downtown developments.

Parcel Map Plan Check Fee and Final Map Plan Check Fee

The proposed fees for parcel map plan checks and final map plan checks reflect a significant increase, more than doubling in amount. Costs were not being fully recovered under the current fee structure. The new fees provide for full cost recovery. Additionally, a survey conducted of surrounding communities

found that Sunnyvale was charging significantly less than our neighbors. Therefore, the market could bear a large increase that would bring our revenues in line with costs.

FISCAL IMPACT

Recommended adjustments to the fees have been incorporated into the 20-Year Financial Plan's revenue projections. Exhibit A of Attachment A presents the proposed Fee Schedule for FY 2006/2007, reflecting proposed fees and charges. Any increases are necessary to reflect the rising cost of providing services.

CONCLUSION

The current fees and charges of the City have been reviewed in accordance with the Fiscal Sub-element of the General Plan. Staff has made adjustments to the proposed fee schedule as necessary to ensure that all fees and charges are aligned with the cost of service, except for those fees that are legally limited. As a result of the initial comprehensive review of fees, several new fees are also recommended for cost recovery purposes. For those fees that are adjusted by inflation, a standard percentage of 2% has been applied.

PUBLIC CONTACT

Notice of the public hearing on the fee increases will be published in the Sunnyvale Sun. In addition, copies of this report will be available for public inspection along with other budget materials. Copies of the City's recommended FY 2006/2007 Budget are available at the Library and in electronic form on the City's website. Notice will be sent to the Building Industry Association, which has previously requested notice pursuant to the Government Code. The Parks and Recreation Commission, the Library Board of Trustees, and the Planning Commission will review the proposed fees and charges within their respective areas prior to the public hearing.

RECOMMENDATION

The proposed changes in the City's Fee Schedule are presented for review purposes at this time. A public hearing on fees and other budget-related matters is scheduled for June 13, 2006. Formal action adopting the new fee levels by resolution is scheduled on June 20th, 2006.

RESOLUTION NO. _____

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF
SUNNYVALE FIXING AND ESTABLISHING FEES, RATES, AND
CHARGES FOR GOODS AND SERVICES PROVIDED BY THE CITY
OF SUNNYVALE**

WHEREAS, the City Council is empowered to impose reasonable fees, rates, and charges for municipal services;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SUNNYVALE THAT:

1. The schedule of charges attached and incorporated as Exhibit "A" are hereby established.

2. All provisions of prior City Council resolutions establishing fees which conflict with the terms hereof are hereby superseded and rescinded.

3. The establishment of rates herein is exempt from the requirements of the California Environmental Quality Act pursuant to Public Resources Code Section 21080(b)(8) and the adoption of this resolution is for the purposes of (1) meeting operating expenses, including employee wage rates and fringe benefits; (2) purchasing or leasing supplies, equipment or materials; (3) meeting financial reserve needs and requirements; (4) obtaining funds for capital projects, necessary to maintain service within the existing service areas; and (5) obtaining funds necessary to maintain intra-city transfers.

4. This resolution shall be effective upon adoption, and shall be operative commencing July 1, 2006, unless specifically provided for otherwise in this resolution.

Adopted by the City Council at a regular meeting held on _____, 2006, by the following vote:

SECTION 8.03 WATER AND SEWER CONNECTION FEES

Pursuant to Section 66001 of the Government Code, the City Council hereby determines:

- (1) The purpose of the water and sewer connection charges is to assure payment by developers of their pro rata share of the escalated cost of the City's water system and wastewater treatment plant.
- (2) The charge will be used to reimburse the City for the owner or developer's fair share of the use of the water system and the treatment plant.
- (3) There is a reasonable relationship between the use of the fees, the need for a water system, the need for a wastewater treatment plant, and the types of development projects upon which the fee is imposed. All development projects create varying needs for the consumption of water which cannot be fulfilled unless the project is connected to the municipal water system to assure an adequate supply of water to each project, and all development projects generate sewage and create the need for disposal and treatment at a wastewater treatment plant. The degree to which each project is charged is based upon factors related to degree of potential usage, such as type and size of projects and number of units and calculations of the escalated cost of the City's wastewater treatment plant, adjusted for inflation; the current capacity of the plant; the cost of treatment per equivalent single-family dwelling unit; and the estimated daily discharge for each facility to be connected to the wastewater treatment system, taking into account proportionate average daily discharge of sewage, total organic carbon, suspended solids, and ammonia nitrogen.

The fees or charges shall be collected from the owner or developer of property either (1) prior to approval of the original connection of the property to the water or sanitary sewer system, or a redevelopment with incremental impact, or (2) in the event the uses being made of the property presently connected to the system are enlarged, added to, or further structures are constructed on the property.

FISCAL YEAR 2006/2007
FEE SCHEDULE**

	<u>Fiscal Year 2005/2006</u>	<u>Fiscal Year 2006/2007</u>	<u>Charge Code</u>	<u>Object Level 3 & 4</u>	<u>Title (Obj. Lvl. 3)</u>	<u>Title (Obj. Lvl. 4)</u>
WATER AND SEWER CONNECTION FEES (contd.)						
A. <u>Water Frontage Fee.</u> A frontage fee per lineal foot of frontage shall be paid by the owner or developer of property contiguous to a public right-of-way in which a water main has been installed or is to be installed without direct expense to the owner or developer other than payment of the charges specified herein. Frontage of corner lots, as the term "frontage" is used herein, shall mean the side of the lot to which the City has authorized a water connection.	\$43.00	\$45.00	799660	3053	Water Frontage Fees	
B. <u>Water Connection Fees.</u> The connection fee to be paid for each parcel or property served through the same water lateral by the owner or developer of residential, commercial, industrial, or industrial property shall be computed as follows:						
The following definitions shall be used for the purpose of determining the connection fee in this section:						
(a) A residential "unit" shall mean one or more rooms used for living purposes by one family.						
(b) A commercial, industrial, or institutional "unit" shall mean each one thousand (1,000) square feet of gross floor area, or fraction thereof devoted to commercial, industrial, or institutional purposes.						
(c) "Institutional property" shall mean property used only for the erection and maintenance of church, school, hospital, or public buildings.						
<u>Residential Units</u>						
Standard Occupancy Unit (with 3 or more bedrooms)	\$440.00	\$453.00	799660	3050	Water Connection Fees	
Low Occupancy Unit (with 1 or 2 bedrooms, 2 bedrooms and den)	\$320.00	\$330.00	799660	3050	Water Connection Fees	
<u>Commercial, Industrial and Institutional Units:</u>						
First Unit	\$440.00	\$453.00	799660	3050	Water Connection Fees	
Second Unit	\$320.00	\$330.00	799660	3050	Water Connection Fees	
Third Unit	\$241.00	\$248.00	799660	3050	Water Connection Fees	
Fourth and each additional unit	\$167.00	\$172.00	799660	3050	Water Connection Fees

WATER AND SEWER CONNECTION FEES (contd.)						
C. <u>Water Service Lateral Fee.</u> The water service lateral fee to be paid by the owner or developer of property whenever it is necessary for the City to install a water service lateral from the water main to the water meter location shall be the costs of installation including the cost of labor, material, equipment, and overhead costs as determined by the City.						
D. <u>Water Meters</u>						
1. <u>Installation Fee.</u> The water meter installation fee to be paid by the owner or developer of property prior to the installation of a water meter by the City of Sunnyvale shall be computed as follows:						
<u>Radio Read Meters</u>						
1" Disk (use for new installations)	\$348.82	\$359.28	799660	3054	Water Meter Sales	
1-1/2" Disk	\$483.53	\$498.04	799660	3054	Water Meter Sales	
2" Disk	\$550.87	\$567.40	799660	3054	Water Meter Sales	
2" Turbine (Domestic & Irrigation)	\$689.43	\$710.11	799660	3054	Water Meter Sales	
All other meters not listed, per current actual cost list.						
Fire Service 5/8" Meter for DCDA (Double Check Detector Assembly)						
	\$129.95	\$133.85	799660	3054	Water Meter Sales	
Large Meters and Vaults - the costs for installation including the cost of labor, material, equipment and overhead as determined by the City shall be paid by the owner or developer.

FIRE HYDRANTS AND HYDRANT METERS (contd.)						
C. WITHDRAWAL PERMIT. An annual nonrefundable permit fee is established as the charge for a permit to withdraw water from any fire hydrant in the City when a permit is issued between January 1 and September 30. If the permit is issued from October 1 through December 31, the fee shall be 50% of the foregoing. The amount of the deposit for the meter required for such water withdrawal furnished by the City shall be	\$240.00	<u>\$249.00</u>	799660	3052	Water Hydrant Fees	
or	\$1,891.00	<u>\$1,961.00</u>	799660		Reference Deposit/Pass-through Section	
the current cost of a hydrant meter, whichever is greater.	2 1/2 times	<u>2 1/2 times</u>	799660		Reference Deposit/Pass-through Section	
The total amount due and payable prior to the receipt of a meter is (permit fee plus deposit):	\$2,132.00	<u>\$2,211.00</u>	799660		Reference Deposit/Pass-through Section	

Each permit is valid through December 31 of the calendar year in which the permit was issued. Failure to return the hydrant meter on or before the expiration date shall result in automatic forfeiture of any deposit paid. When hydrant meters are returned prior to or on the expiration date, the cost for any consumption as measured by the meter shall be charged using the industrial rate block and deducted from the deposit amount. If a hydrant meter is not returned prior to or on the expiration date, the permittee shall be billed the cost of any consumption at the monthly industrial block rate. Any damages or missing hydrant wrenches will also be deducted from the deposit. The remaining balance shall be refunded. Any charges in excess of the deposit shall be billed to the permittee.

--	---	---	-------------------------------	--	---------------------------------------	---------------------------------------

FIRE HYDRANTS AND HYDRANT METERS (contd.)

The following definitions shall apply to this section:

- (1) "Hydrant service area" shall be defined as the area that a hydrant will serve the normal fire protection needs as determined by the City, taking into account the street pattern, type of development, size of water service mains, and all other factors bearing on plans for fire prevention and suppression.
- (2) "Frontage" shall be defined as (a) that side of the lot on which the water service is installed to serve the lot for one-family or two-family residential corner lots, (b) the frontage measured along all public rights-of-way of the parcel being developed or improved for commercial, institutional, industrial, multiple family property.
- (3) "Development" or "Improvement" shall be deemed to occur when a Building Permit, Development Permit or Subdivision Agreement is required, except when the additional floor space is less than one additional residential unit or less than 1,000 square feet of additional gross floor area. In the case of developments other than residential, "development" or "improvement" shall also be deemed to occur whenever a parcel of property is redeveloped under a different zoning classification.

SECTION 8.06 STREET LIGHTING

The sum per lineal foot shall be collected from the owner or developer of property at the time a Development Permit, Subdivision Agreement, or Building Permit is issued in each case where the City recommends that the installation of the street lighting system be delayed, or where the street lighting system was previously installed at City cost.

CITY OF SUNNYVALE
FISCAL YEAR 2006/2007
UTILITY FEE SCHEDULE

SECTION 1.01 WATER WITHIN CITY LIMITS. (Sunnyvale Municipal Code Chapter 12.24) Water sold to consumers within the corporate limits of the City of Sunnyvale shall be sold at the rates specified.

A. Users Billed Monthly

Charge Code: 799660

Object Level 3 & 4: 3055

All potable water users billed monthly, except landscape, agricultural and institutional users, shall pay a water charge for each one hundred cubic feet, or part thereof, of water as follows:

(1) Apartment Users¹

<u>Hundred Cubic Feet (CCF)</u>	<u>Rate Per CCF</u>
0 - 4	\$1.1789
5 - 23	\$2.2833
24 - 35	\$2.4320
36 +	\$2.5052

(2) Residential Users

<u>Hundred Cubic Feet (CCF)</u>	<u>Rate Per CCF</u>
0 - 6	\$1.1789
7 - 33	\$2.2833
34 - 50	\$2.4320
51 +	\$2.5052

¹In residential developments where two (2) or more dwelling units are served by a common meter, the upper limit (in cubic feet) of each rate block shall be multiplied by the dwelling units served by the common meter in calculating the rates to be applied to water usage monitored by the common meter. In such case, the lower limit of each rate block shall be one (1) cubic foot over the upper limit of the next lower rate block.
